ACT-30 White Man

Do you know?
That little kid,
I heard that a rich guy
called Fingriff raises him...

Why doesn't
he give me
some...

If he has
that much
money...

kll
hurn!

Bolt Crank
was attacked?

True,

it has to
be him...

Hicks,
the Man/Boy
commune
group!

It is only logical
that they would
do this kind of
stuff....

He must've known
that Bolt Crank is
delivering the
machine that
will keep you alive

Truly the world's
number one
mercenary...

Killing him
would be such
a pity....

I know,
kill him,
and Tron's finished!

But,
Leader...

Harry
home,
it'll be very
cold tonight...

uh...

Perhaps

Will you
come again?

I'm very
sorry...

And Ragriff
will come
tonight too!

My home is
built by Ragriff!
Everyone one of us is!

It's
very
warm!

Suffering?
Then...

I have to thank Your
loyal servant for
the info about the
machine that'll
keep you Alive...

You can't
live for long
...

Then, your
body's condition
right now...

We were once
like brothers...

How
pitiful

From now on,
this town will be
united as one...

We did a lot
of bad things
together...

but, that's
all in the past

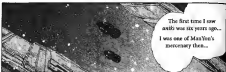

Sayonara,
brother!

The first time I saw
asahi was six years ago...
I was one of Man'Yan's
necromancy then...

Afterwards,
competed. I created
against my own
Man'Yan. "company"
did a lot of
dirty business...

And at the
end, even I
was betrayed...
pay back I
suppose...

Wear
the mask
...

"COUGH"
"COUGH"
"COUGH"
||

After I met you,
I really wanted to
be like you....

to have a body
with that kind
of power...

In reality,
this mask
doesn't do
anything...

Aniki, I'm sorry...

It's already too
late...

I only wanted
to see you again
before I die...

Aniki...

My whole life,
I've done nothing
good...

.....
that's not
true...

nothing.....
worthwhile
...

Okaeri!

Engriff!

ACT-31 HomeLand

He was kidnapped
by us!

He's the
old man
that made this
machine...

But, it can
only be used
one more time...

The last time
used was in...
Old-man's laboratory...
teleported here...

This guy can
tele-transport
everything
within a
3 meter radius...

Hospital...

I didn't know
the exact
coordinates
for it!

Originally it was
supposed to be
in the hospital...

It's broken!

"brrp"

"brrp"

In ten minutes,
it will teleport
to Hildol!

It can't be
stopped...

Tell it
with money!

Money!

Huh?

Daku

...

Daku gave
everyone a lot
of support!

She's like
a mother to
all of us!

I wish that she
can finally go back
to her homeland

She's in the
hospital,
being imprisoned...

Bring her...
homeland...

There!

Get back
here!!

'You protect the machine!
Let us protect you!'

If you're hurt,
then everything's lost!

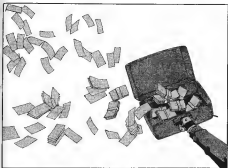

That's...
reassuring...

How
much
time
left?

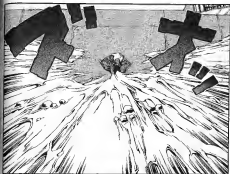

This is...
Halice!?

The job you gave
me was to
"let her see Halice"

I think just

In this kind of
situation,
What should be
said?

General Machoo...
He's the world's
greatest mercenary...

Dr. Kamin,
is that mercenary
dependable?

Potter ...
she's all
grown up...

I had a transmitter
installed on that
hovership....

It's Future...
It should be
Kamin's doing...

What?
But she didn't
know anything
before...!

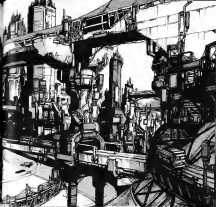

As expected, the
destination really
is the location of
the "Big Generator"

Follow
them!!

"fox fox"

Hey.

Just what is the
Big Generator?

Oh!

already

Human

Wind!

The BIG
GENERATOR
was life support.

It's first thing
delivered to this
planet when
colonisation
started...

That was...
3000 years
ago!

Why would
you know
these things?

Didn't I told
you already,
it is just in
my brain!

How long do
you plan to
idle!

Future,

They've chased
us here!

'beep'

After I've

EATMAN

EPILOGUE ^{by} AKIHITO YOSHITOMI VOL. 9.

✧

How do you feel about this volume? All the stories in this volume are long stories, still, there wasn't enough pages. I had feelings of fuzziness toward Future, originally I planned to design her to be very clean and simple, but it got messy as I'm drawing her... What do you guys think? Heheheh.

"White Man" was drawn during the Christmas holidays, when it was snowing. And "HomeLand" was the topic of my recent session with a friend from 6th grade, 16 years ago.

"Big Generator" was taken from "YES" tri-monthly. It is a heavy metal band.

Extra
Preview!!

Volume 10 will have some very different developments, even I'm greatly interested in its development.
otakara sama desu!

*Hold on to your
Future!!*

Thanks goes to Mr. Fujigawa, who worked the drafts since last volume. Let's go exploring again next time!
